Kneedeep in all the goss from Glasto

CAUGHT LIVE
TEENAGE Scottish rockers **The View** have a lame excuse for why they aren't camping. Lead singer Kyle told me: "We're staying on our bus because I can't get my foot muddy. I got an infected blister recently. And our guitarist Keiran has broken his toe."

CAUGHT LIVE
ICING on the cake of Bjork's act was her stage pyrotechnics - only she would be crazy enough to use real fire during her stage show in a field of straw.

THE Killers had a strict no-photography rule during their Glasto appearance. Snappers were left fuming when they were asked to leave the photo-pit but the crowd didn't seem to mind in the slightest. There was non-stop crowd surfing from the excited revellers - I'm only surprised that someone didn't get seriously hurt.

STELLA McCartney wins my award for the most shameless self-publicity - wearing clothes by a top couture designer. Guess who?

She Moss be fuming

KATE Moss had a public row with boyfriend **Pete Doherty** in the backstage VIP bar. I saw her drag him out of the bar at midnight on Friday, telling him to behave or he'd look stupid. She took his drink, threw it over the floor and stormed to her trailer. But last night she joined him on stage for a duet of La Belle et La Bete (Beauty and the Beast).

TRULY MADLY TEEPEE

Amy is honeymooning in a special £3,000 luxury tent

IT may be a mud-bath for everyone else, but **Amy Winehouse** and new husband **Blake Fielder-Civil** have turned their trip to Glastonbury into a mini-honeymoon.

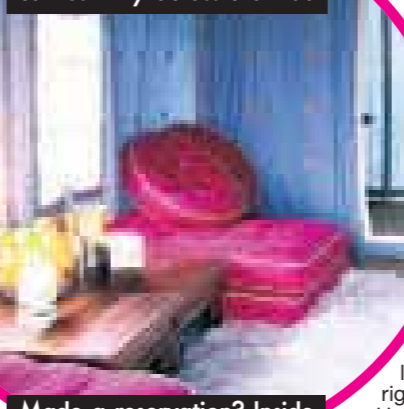

The newly-weds, who eloped to Miami for a low-key ceremony, have splashed out £3000 hiring a luxury teepee off site. While Amy's pop contemporaries including **Lily Allen**, **Alex Turner** from The Arctic Monkeys and **The View**, were propping up the bar in the backstage area, Amy and Blake have camped it up in the teepee, complete with lava lamps.

They are staying outside the festival grounds at Camp Kerala - which claims to be "the most romantic place outside India". There are 50 luxury tents featuring handmade mirrors and antique furniture - all serviced by a hell-pad for well-heeled guests.

And Winehouse, who is playing three sets over the weekend, has

been clucking around, protecting her man like a mother hen.

After just one month of marriage, Blake cannot even look at another girl without Amy's permission.

She left a girl in tears when she accused her of trying to crack on to Blake. After an acoustic set in the jazz tent, Amy's band popped some well-deserved bubbly in the backstage bar. But when the girl looked at Blake too long, she screamed: "Leave my husband alone. He is married."

She dragged him back to the teepee and no one saw them until the next day.

Either they were making the most of the massive 13ft by 13ft bed or they were enjoying the fact that each tent has its own shower. I caught up with them looking healthy and fresh.

Amy gushed: "I'm a lucky girl, I'm really happy right now." Until another girl approached... jealousy is so ugly.

MONKEY IN DRAG-ON

A NEW craze has swept the VIPs area this year - for dressing up. It started when **Alex Turner** spotted a Viking in the crowd during **Arctic Monkeys'** brilliant headlining performance - and moaned: "I wish we'd dressed up now."

But he made up for it backstage later... where he managed to find himself a dragon outfit. I posed with **Alex** and **James Righton** from **The Klaxons** who had kitted himself out as a goose.

Alex seemed a bit worse for wear when he told me: "I'm not giving the outfit back. I'm going back home dressed as a dragon because I am on fire. I've played Glastonbury and I'm on fire!" Calm down, calm down.

SPOTTED EXTRAS
Stephan Merchant, who, at 6ft 7in, probably got the best view... **Harry Enfield** and family... **Will Young** clutching a drink on Friday and wearing shades on Saturday... **Macca's** girl **Mary McCartney**...

SADIE Frost, 42, sat on the lap of her young lover **Kristian Marz**, 23, in the backstage hospitality area - and he simply couldn't keep his hands off her!

TRUST your parents to embarrass you. **Kasabian** were late on to the Pyramid stage. Bassist **Chris Edwards** said: "My mum got lost and was in the security tent. She wouldn't move until I came and got her. Another blow was **Noel Gallagher** pulling out of a guest spot. **Chris** said: "It's the only weekend Noel can work with a US producer on his new album."

RATED..
KASABIAN and **Arctic Monkeys** - it doesn't get better than that. Also enjoyed **Paulo Nutini** and **Lily Allen's** cover of **Gangsters**. And **Banky's** installation.

..HATED
OBVIOUSLY the toilets, the rain and the mud. Anyone who went to bed early.

Lily's big cry daddy

KEITH Allen cried tears of joy as his daughter **Lily** played in front of a huge crowd on the Pyramid Stage yesterday. Keith, who was watching with other VIPs, started blubbing when Lily played **Smile** and never stopped until she came off and hugged him at the end.
